the Conspiracy Theorist and how they are spread the truth. I know you've been waiting for this... my Cornell University's public calendar lists hundreds of lectures, performances, and exhibitions each semester, yet many of the campus's most rewarding experiences remain tucked away in lesser-known listings. By tapping into specific departmental feeds, student-led groups, and niche venue newsletters, visitors and community members can access a curated set of "hidden calendar gems" that showcase the university's intellectual vibrancy without the crowds. Standard university calendars prioritize large-scale events—sports games, major speaker series, and university-wide ceremonies—because they attract the broadest audiences. Smaller gatherings, such as interdisciplinary workshops, faculty-run reading circles, and pop-up art installations, often receive limited promotion to avoid logistical overload. This curation strategy unintentionally creates a tiered experience where only a fraction of the campus's cultural output is visible to the public.
